

# A Swine Flu!

## Another warning or the real thing?

I will try to keep this article short. For details, please read previous [related articles](#).

### The Swine Flu:

As many of you know, by God's grace I predicted a coming flu epidemic three-and-a-half years ago and posted that prediction on our forum and on my websites. This is an update to that article posted Sept. 30, 2005 predicting when it would occur. This prediction initially began three years before that article was posted when the [picture bible codes](#) of a moth, three coins, and a tabernacle were discovered. This picture bible code has been accompanied by interesting signs from God.

### Why give prophetic warnings?

1. To demonstrate that God holds the keys of death and hell, and over ever calamity that befalls man so that men may honor God.
2. To encourage Christians that their suffering will pass in the timing of God just as it also came in the timing of God.
3. To warns sinners that God holds their life in His hands and therefore they should fear Him and repent.

A prophetic warning does not mean that the prophesied event will certainly come to pass, but that it will *if God permits*. It is contingent on how men respond, including His intercessors. Picture if you would, horses straining at a rope tied to the ground impatient to be loosed. Even so are some messengers of death, (Zech. 6:7).

(GNB) "As the dappled horses came out, they were impatient to go and inspect the earth. The angel said, "Go and inspect the earth!"---and they did."

However, as we shall demonstrate here --- and as demonstrated in numerous other [articles](#) --- **warnings are given systematically on a timetable with great signs** observable to all thereby demonstrating that the warnings are not of human origin, but from God. Thus, the fact that, for instance, the [Swine Flu](#) began in the month predicted, which is even now threatened the world, does not necessarily mean that it will eventually sweep the world with millions of deaths. However, it is clearly a warning **timed on God's calendar**, and if He lets it loose, it will happen! This is also true of the warnings concerning the [economic collapse](#), or of [war](#). Do not despise the mercy of God that leads you to repentance!

## The Predicted Swine Flu:

The Swine Flu began on one of the months predicted by the [Moth Bible Code](#). (The [SARS](#) scare began shortly after the Moth Bible Code was discovered. It soon broke out near where I lived most of my life, and where my children were born, Grace Hospital, Toronto.)

The Moth Bible Code was discovered on the [Day of Atonement](#), Sept., 2002. As suggested by the Moth Bible Code, there were five potential months for when the epidemic might begin. These five potential starting points for the epidemic were scattered over a ten-year period. (As I said, the Moth code marked the beginning of this ten-year span with SARS.)

The first of these five months was the month of September, 2005. This is when I posted an [article](#) on our forum detailing the timetable of this coming Flu epidemic. On that very day that I wrote the article there was another [significant SARS scare](#) just a few miles from where I was staying --- even while I wrote it --- although it did not come to my attention until the next morning. I took this as another sign from God and therefore was encouraged by the Holy Spirit that it was indeed Him who was revealing this to me. At that time, I said that perhaps six months from then could begin this coming Flu epidemic. But as it turned out, that did not happen. However, when I originally wrote that article, I was **very careful to say** that that *starting point was only one of several possible points of time* for the start of the Flu, as based upon a 3+7 **or** 7+3-year numeric pattern. (And even on this pattern I wavered, choosing simply to [say](#):

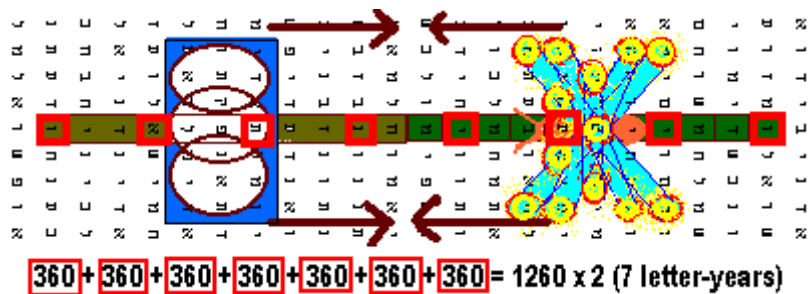

"In any case we need to be careful about setting dates, or thinking that I have set a date. My main point was to say that it is coming and that when it comes the numeric and timing of when it will come will be connected to the previous numerics God originally gave me, as posted. The numeric will be powerful and obvious, such as the bird flu starting to spread among humans 1260 days from when He gave me the bible code --- something like that. Moreover, it is possible that it might not occur within the next 7 or 8 years, but I would be surprised if that were so.

As it turned out, Swine Flu began on the next point of time, which runs from March 6-13 unto April 5-12, 2009. Ironically, this happened to be "1260 days" after I wrote the above quote! The remaining two starting points are half-a-year from now in Sept., 2009, and then three years after that. Note that there is a fear of the Swine flu redeveloping with a vengeance six months from now, (in Sept. of 2009), and thus that point of time is already correct, at least as a warning! See [below chart](#) for all four possible months prophesied at that time, along with their exact dates.

Please keep in mind that if God wills he can spare the world this disaster choosing instead to only give warnings on this timetable including 2012. Time will tell. To repeat, I am not saying that the Swine Flu will necessarily be the "big one", it may only be a warning. On the other hand, there have already been almost seven years of warnings, and eventually God will let it loose, although He does not want to. God rejoices in mercy, not judgment.

### Why has the flu occurred during a major recession?

The moth in the Moth Picture Bible Code parallels an image of three coins (a mina, a shekel, and a half-mina), which in turn depicts the [Mene Tekel Bible Code](#). The Mene Tekel Bible Code was about the war in Iraq (Babylon) and an upcoming economic [depression](#). It was discovered in 2000. It just happens that the Swine Flu is occurring during a severe recession, and if the Swine flu flies than than it has the potential of turning this recession into a depression. But again, God delights in mercy.

### Why Swine Flu?

I referred to the flu back then as the Bird Flu. However, this flu is indeed part bird and part swine (and part human). This fits the image in the bible code all the more because, as I said in that [article](#) (and in many [others](#)), that the moth and coins in the code also transformed

themselves into images of two tabernacles (temples). The two tabernacles mirror each other (just as the moth and coins do). The one tabernacle represents Israel while the other represents Babylon. One is where lambs were offered the other where swine was offered, as did Antiochus Epiphanes in 168 BC as per the prophecy of Daniel in Daniel 8 where it speaks of "the abomination that causes desolation". Therefore, it makes sense for this flu to be part bird and part swine. It represents the clean and the unclean merged into one, which in turn makes the whole unclean as per Israelite priestly law.

I believe that God is judging the world for its uncleanness, and for playing God with genetic engineering. It is quite possible that the Swine flu itself was engineered in a laboratory and set loose accidentally, or worse, on purpose. The novelty of this hybrid strain suggests this possibility, although unproven. The UN even calls this Flu, "The Novel Flu", instead of Swine Flu. There was even concerns about President Barack Obama catching the Swine flu after returning from Mexico having been escorted by a man who a week later [died of Swine Flu](#) and other ailments. Later another member of Obama's staff did indeed pick up Swine Flu from having been there in April, 2009.

Obama has been passing legislations repeatedly "loosing" this type of biological research, or pro-abortion laws. An important one was passed on [March 9, 2009](#), around the time when the Swine Flu also began in Mexico. (I am not saying that there was a direct correlation by man, but that there could be one by the Sovereign God!)

"President Obama today lifted an eight-year-old ban on embryonic stem cell research, signing an executive order that he called "an important step in advancing the cause of science in America." "We will vigorously support scientists who pursue this research," Obama said at a signing ceremony in the White House. "And we will aim for America to lead the world in the discoveries it one day may yield.""

Perhaps God is warning these politicians not to play God in the laboratory. But they do not perceive these warnings, nor would believe them even if it was told them. No doubt there are benefits to this kind of research. However, perhaps God knows that today we cure a disease, but tomorrow we unleash an abomination!

Is Swine Flu merely one of many abominations yet to come?

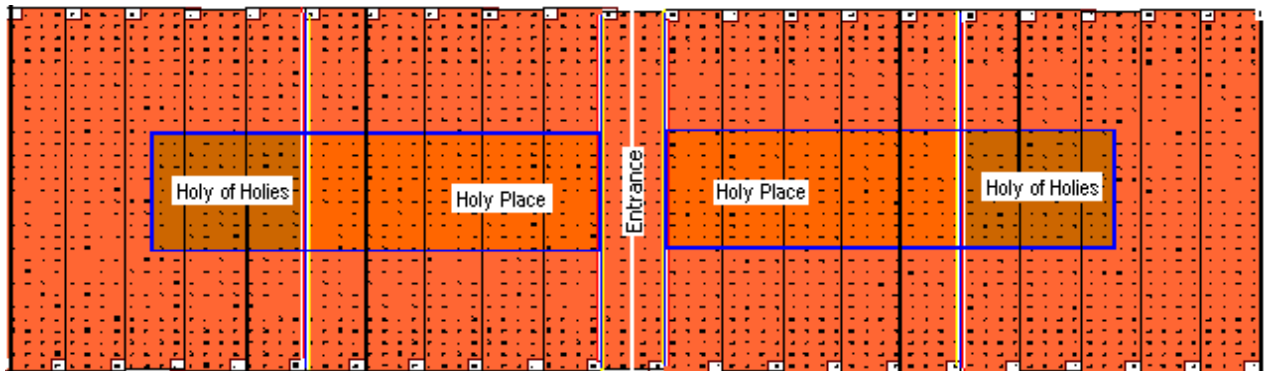

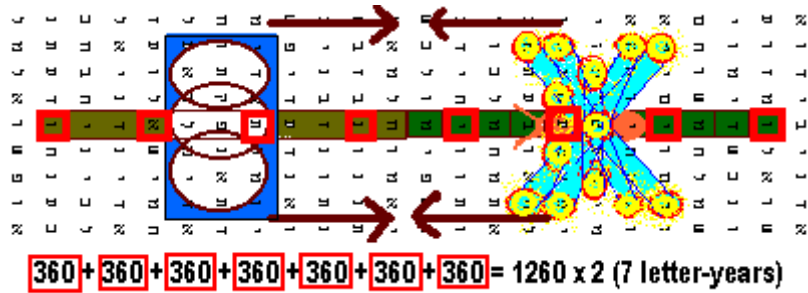

"And he shall confirm a covenant with many *for* one week. And in the midst of the week he shall cause the sacrifice and the offering to cease, and on a corner *of the altar* desolating **abominations**, even until *the* end. And that which was decreed shall be poured on the desolator," (Dan. 9:27). (MKJV)

"And from the time that the daily *sacrifice* shall be taken away, and the desolating **abomination** set up, **1290 days** shall occur," (Dan 12:11).

## Numeric in Brief

"1290 days"

"1260 days"

The earthly tabernacle mirroring the heavenly one, at 1260 + 1260 letters. The first one is in Hebrew, the second in Babylonian (Aramaic). It may also symbolize the true tabernacle of Israel and the false of Babylon?

**1260 + 1260 letters/days**

See [Chart](#)

The Moth/Coin Bible Code is itself 1260 + 1260 letters long as is the tabernacle bible code which overlaps it. (1260 + 1260 days can be another way of expressing a seven-year period, except without the [leap month](#).)

The Moth Bible Code takes on a 10-year pattern divided up as **7 + 3 years or 3 + 7 years**. The bible further divides the seven years in half as 3.5 + 3.5 years.

There is 1290 + 1260 years back to the fall of Babylon in 539 BC (September) from September of AD 2012.

The Moth bible code was discovered in September, 2002, (on the [Day of Atonement](#)).

SARS began November of 2002.

Exactly three years (on 360 Calendar) after the Moth code was discovered I wrote the article about the coming flu (on Oct. 1, 2005). Exactly "**1290 days**" after that (3.5 years) the first case of Swine flu reported.

1260 days after this will be September of 2012, which, as said, is 1260 + 1290 years back to the fall of Babylon, etc.

Thus, the Moth Code in 2002, plus 3 years later was the word from God about the coming Flu, plus 3.5 years more is the Swine Flu, plus 3.5 years will be 2012, for a total of 10 years.

On the [chart](#) you will notice that each of the three points of time (3 + 3.5 + 3.5 years) land on either the Feast of Tabernacles or Passover, both of which last seven days, and this **seven days** in turn symbolizes the **seven years** of which we speak. It is like a wheel of seven days intersecting a larger wheel of seven years, which in turn intersects a still larger wheel of seven years *of years*, or 1260 + 1290 **years**! (Also note that the death of Saddam Hussein of the [Mene Tekel Bible Code](#) was also fulfilled on the exact same time frame as predicted ahead of time, as thoroughly documented.)

It is interesting that the forum was bumped off the internet for a month and then was finally back on the net on the first day of Passover. Perhaps Satan was trying to destroy the testimony of this prophecy as preserved on the forum in that post?

### **About the Following Chart**

The Lord showed me that "the flu would fly" on a time line spanning 10 years commencing from the discovery of the Moth Bible Code. These ten years would be broken down as 3+7 or 7+3 years, with the seven years further divided in half.

In the following chart there is a one-month margin that the Lord showed me as was explained on the forum 3.5 years earlier (autumn of 2005). Note that the week (**seven days**) works in conjunction with the **seven years**, and then again with the **seven years of years** back to the fall of Babylon in 539 BC. A wheel within a wheel within a wheel!

## Detailed notes about the above chart:

The week from Sept. 9-15, 2002, was when six attached “seals” (circles) were found as a string of bible codes in the book of Exodus at **1290-letter skips**. The seventh “seal” (code) is the Moth Bible Code discovered in the book of Daniel on the seventh day, Sept. 16, 2002, which was the Day of Atonement. However, on the [360 calendar](#) that week was “the 7<sup>th</sup> month, the 15<sup>th</sup> to 22<sup>nd</sup>”, which is also the seven days of Tabernacles, Lev. 23:33-43. (Notice in the bible that the feast days are given by month, number, and day, and not by the names of the month. Sometimes for convenience I use the names of the months on the 360 calendar, however, properly they have no names, just numbers. However, the regular Jewish calendar that is used in Israel today, {and in bible days}, both refer to months by name or number.)

According to Jewish tradition, the 10 days leading up to the Day of Atonement are called “The Ten Days of Awe”. Men are purportedly tested by God as to whether they will be allowed to live out another year of time. (Modern Israel reckons the New Year as starting in Tishri, thus Tishri 10<sup>th</sup> is the 10<sup>th</sup> day of the civil year. However, the bible often begins the {religious} New Year exactly half a year earlier, as does the 360 calendar of the prophets. Thus, the bible refers to the Day of Atonement as “the 7<sup>th</sup> month, the 10<sup>th</sup> day,” but the modern Jewish calendar calls it the first month, the month of Tishri.)

According to the code, these 10 days of Awe in 2002 symbolize the next 10 years of time (2002 to 2012), divided up as 3 + 7 years, with the seven further subdivide into 3.5 + 3.5 years. Hence,  $3 + (3.5 + 3.5) = 10$ . However, this pattern can be reversed, i.e.,  $(3.5 + 3.5) + 3 = 10$ . As said, the Moth Bible Code itself spans 1260 + 1260 letters. Each letter represents one day. Thus, the 1260 + 1260 letters of the code represent 1260 + 1260 days, which is seven years of time divided in half. (3.5 years times 360 days equal 1260 days, Rev. 11:2-3. See the [Moth Bible Code](#) for details about why “ten days” as encoded within the Moth Code itself.)

Please note that every six years there is a [leap month](#) added to a year in the spring so that there are 1290 days in a 3.5-year span more than 50% of the time. (1260 + 30-day leap month = 1290 days.) This time frame of 1290 days is found in Daniel 12:11. At the end of the 1290 days there occurs “the abomination that causes desolation”.

“And from the time that the continual sacrifice is taken away, and the abomination that maketh desolate set up, there shall be a thousand, two hundred, and ninety days,” (Dan 12:11).

While this refers to a specific future event when Antichrist will sit himself in the temple of God to proclaim himself to be God (2Thess. 2:4), yet this future event is patterned after the Greek tyrant Antiochus Epiphanes who in 168 BC offered swine upon the altar of the Lord to desecrate it, (see Dan. 8:13). This is the origin of the Festival of Chanukah that commemorates the rededication of the temple exactly three years after it was defiled. However, while these time frames given in the bible refer to specific end-time events, they nevertheless have application to the here and now as a prelude to what is to climax at the end of time. What is happening now with the Swine Flu, the economy, and wars etc., are mere shadows of what is yet to come, just as Antiochus Epiphanes was only a shadow of the Antichrist who is still to come.

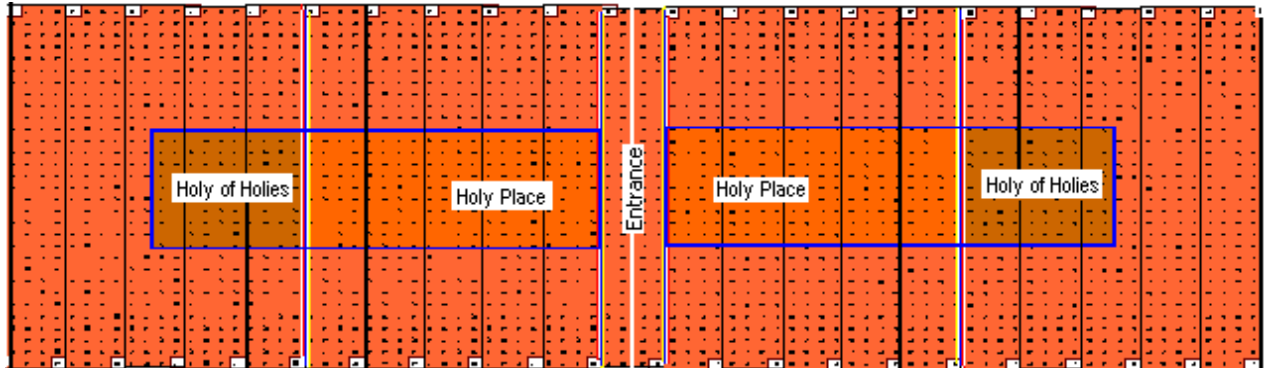

**PLEASE UNDERSTAND THAT I AM NOT SAYING THAT WE ARE LITERALLY IN THE LAST SEVEN YEARS OF TIME!!!**

SARS and the Swine Flu are just *one of many* signs that God is giving concerning what is to come some time in the near or distant future when the great plague of the 4<sup>th</sup> seal of the book of Revelation is finally and fully opened. (Thus, the three-coins representing “The Balance Bible Code” on the one end of the Moth Code, being 1260 letters long, perhaps represents the third seal of the book of Revelation, whereas the Moth that mirrors it represents the 4<sup>th</sup> seal, also 1260 letters.)

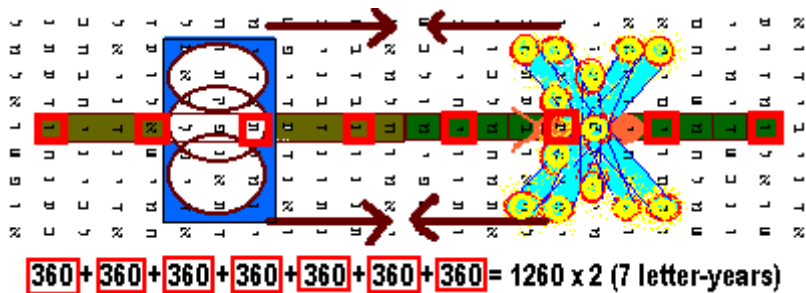

(Rev. 6:5-6) "When the Lamb opened the third seal, I heard the third living creature say, "Come out!" Then I saw a black horse, and its rider had a balance scale in one hand. I heard what sounded like a voice from somewhere among the four living creatures. It said, "A quart of wheat will cost you a whole day's wages! Three quarts of barley will cost you a day's wages too. But don't ruin the olive oil or the wine."

(Rev. 6:7-8) "When the Lamb opened the fourth seal, I heard the voice of the fourth living creature say, "Come out!" Then I saw a pale green horse. Its rider was named Death, and Death's Kingdom followed behind. They were given power over one fourth of the earth, and they could kill its people with swords, famines, diseases, and wild animals."

The earthly tabernacle mirroring the heavenly one, at 1260 + 1260 letters. The first one is in Hebrew, the second in Babylonian (Aramaic). It may also symbolize the true tabernacle of Israel and the false of Babylon?
